# MEHEDI HASAN

## Web Developer

Madhabdi   |   mehediextreme@gmail.com   |   Portfolio   | +880 1757-705728 |   Linkedin

---

## SUMMARY

Highly motivated Web Developer skilled in building scalable web applications using React and integrating AI solutions with Spring AI. Strong foundation in OOP, Agile methodologies, and debugging. Fast learner with proven team collaboration and problem-solving skills.

---

## SKILLS

**Programming Languages**

- **Java** → OOP
- **Python** → General Programming, Scripting
- **C** → Algorithms, Problem Solving
- **JavaScript** →Frontend
- **PHP.**

**Web Development**

- **Frontend:** HTML5, CSS3, Tailwind CSS, React, Next.js
- Database: MySQL, XML, Excel

**Tools & Practices**

- **Version Control:** Git, GitHub
- **Collaboration Tools:** Trello (if applicable)
- **Microsoft Office:** Word, Excel, PowerPoint

**Design & Soft Skills**

- Visual Design, Design Thinking
- Debugging, Team Collaboration, Problem Solving

---

## PROJECTS

**Online Music School** – *React, Next.js, TypeScript,Tailwind*
A responsive web platform for music learning, featuring course listings, user enrollment, and interactive lessons.
**Live Demo:** Music-Demo
**Source Code:** Github-Link

**Agro-Trends** – *React, Tailwind CSS*
A e-commerce application for agricultural products with user authentication, product management, and responsive UI.
**Live Demo: Agro-Live**
**Source Code:** Github-Link

**MediCare** – *Java, Spring Boot, MySQL*
A full-stack e-commerce application for medical products, featuring user authentication, product management, and secure checkout functionality.
**Live Demo:** Medical-Demo
**Source Code:** Github-link

---

## EXPERIENCE

• Project Engineer (Academic Role)
- Developed full-stack web applications using React, Java.
- Collaborated in 3+ team projects, mainly leading frontend development.
- Participated in Agile sprints for efficient and consistent delivery.
- Contributed in code reviews and debugging for team improvement

---

## EDUCATION

B.Sc. in Computer Science & Engineering
Green University Of Bangladesh, Madhabdi, Narsingdi
Expected Graduation: Final Year

## ADDITIONAL INFORMATION

Actively contributing to GitHub
Participated in several coding hackathons & tech meetups
Strong communication skills and passion for AI-integrated web systems
